

Global ambition
Local action
Climate resilience for all
#DCdays18

		Resilience through empowerment (1) Theme lead: The Adaptation Network	Valuing lived experience and local knowledge (2) Theme lead: EFC West & IDRC	Transparency and downward accountability (3) Theme lead: IIED	Financing adaptation and managing risk (4) Theme lead: DIE
DRAFT PROGRAMME					
November 2018		Plenary - Cesarksa	Parallel 1 - Artyleril	Parallel 2 - Kirasjerow	Parallel 3 - Salon
Saturday 8 Dec: Day 1					
08:30 - 09:30	Registration and coffee				
09:30 - 09:45		Welcome / opening remarks			
09:45 - 11:00		Session 1 - OPENING PLENARY: Global Ambition. Local Action. Climate resilience for all. [introducing the four themes + 1.5 cross-cutting theme work] (1,2,3,4)			
11:00 - 11:30	Break				
11:30 - 13:00		Session 2A: How can governments use national systems to respond to UNFCCC transparency and accountability demands? (3) IIED	Session 2B: Can climate insurance address climate risks while adhering to fair and pro-poor principles? (4) DIE	Session 2C: What steps can local, business, and civil society take to boost action in developing and developed countries? (1) DIE	Session 2D: Conflict and shocks: how can we build resilience in fragile and conflict affected contexts in a way that promotes stability and peace? (2) GRP, RCCC
13:00 - 14:00	Lunch				
14:00 - 15:30		Session 3A: How can we develop new and support existing strategies for scaling up public and private sector financing for climate-smart development? (4) IDRC, GRP, IIED	Session 3B: How can the value of local and indigenous knowledge become integral to working with communities in resilient climate adaptation? (2) EFC West & Partner: IITC (through UNESCO)	Session 3C: Cooking up a storm: Can optimising synergies between climate, gender and food, and nutrition security drive more relevance, efficiency and effectiveness? (1) IFAD	Session 3D: Science based engagement – how can we get the data out there? (3) DIE
15:30 - 16:00	Break				
16:00 - 17:20		Session 4A: What do effective adaptation mechanisms look like, and how can we use them to create investment incentives for delivering long-term climate adaptation? (4) IIED	Session 4B: Can community-level resilience be built (and sustained) without transformational change? (2) and (1) RCCC and ITAD	Session 4C: Which transformative approaches will drive gender inclusive climate action? (1) IDRC	Session 4D: Five years in: what has the Warsaw International Mechanism achieved and, looking ahead, where can we go from here? (3) RCCC
17:30	End	Closing Remarks			
Sunday 9 Dec: Day 2					
08:30 - 09:30	Check-in and coffee				
09:30 - 09:40		Welcome / Recap Day 1 including Conversation Mapping examples from day 1			
09:40 - 11:00		Session 5 - PLENARY			
11:00 - 11:30	Break				
11:30 - 13:00		Session 6A: How can shared learning processes on local climate action effectively influence policy and decision-making? (1) IIED RCCC EFCWest	Session 6B: Transformative trends: what novel approaches are needed to address climate risks and vulnerability in today's rapidly urbanising places? (4) and (2) RCCC IDRC, GRP	Session 6C: Linking science, practice and policy: how can we scale up ecosystem-based approaches to development and climate change adaptation? (4) IIED	Session 6D: From information to action – why is good communication fundamental for change? (3) DIE
13:00 - 14:00	Lunch				
14:00 - 15:30		Session 7 - OUT OF THE BOX How can we harness humour for climate work? (1) RCCC			
15:30 - 16:00	Break				
16:00 - 17:30		Session 8 - Closing High Level Panel (1,2,3,4)			
17:30	End	Closing Remarks			
18:00 - 19:30		Networking reception
